Article 8 ■

Objective and Investment Policy

The Sub-Fund is a financial product that promotes ESG characteristics pursuant to Article 8 of the Disclosure Regulation. Seeks to increase the value of your investment and to provide income over the recommended holding period. The Sub-Fund invests mainly in a broad range of U.S. dollar denominated investment grade bonds. The Sub-Fund may also invest up to 25% of its assets in convertible securities, up to 20% in below-investment grade bonds and up to 10% in equities. The Sub-Fund makes use of derivatives to reduce various risks, for efficient portfolio management and as a way to gain exposure (long or short) to various assets, markets or other investment opportunities (including derivatives which focus on credit and interest rates). **Benchmark** : The Sub-Fund is actively managed by reference to and seeks to outperform the Bloomberg Barclays US Aggregate Index over the recommended holding period. The Sub-Fund is mainly exposed to the issuers of the Benchmark, however, the management of the Sub-Fund is discretionary, and will be exposed to issuers not included in the benchmark. The Sub-Fund monitors risk exposure in relation to the Benchmark however the extent of deviation from the benchmark is expected to be significant. Further, the Sub-Fund has designated the Benchmark as a reference benchmark for the purpose of the Disclosure Regulation. The Benchmark is a broad market index, which does not assess or include its constituents according to environment characteristics and therefore is not aligned with the environmental characteristics promoted by the Sub-Fund. **Management Process** : The Sub-Fund integrates Sustainability Factors in its investment process as outlined in more detail in section "Sustainable Investment" of the Prospectus. The investment manager uses a combination of market analysis and analysis of individual bond issuers to identify those bonds that appear more creditworthy than their ratings indicate. The investment manager pursues a flexible asset allocation strategy. The Sub-Fund seeks to achieve an ESG score of its portfolio greater than that of the Benchmark.
