**Joined Amundi US: 2018**  
**Industry Experience Since: 2007**

**P. Campbell Brown is a Vice President, Portfolio Manager and member of the Insurance Linked Securities team at Amundi US. He is responsible for various functions, including: CAT modeling, risk analysis, securities analysis and underwriting, as well as portfolio construction and sponsor relationships. In addition, Campbell supports the implementation of custom ILS strategies within many of Amundi US's diversified fixed income portfolios.**

Prior to joining Amundi US, Campbell worked as a Property Treaty Underwriter for Odyssey Reinsurance Company. In this role he was responsible for underwriting for many lines of business, from personal lines for small single-state companies to writing more complex commercial risks for national and international companies. Campbell gained extensive experience with Pro-Rata, Per Risk, Catastrophe and Aggregate Property Treaties.

Campbell has an MBA from New York University and an undergraduate degree from Notre Dame. He holds both the Chartered Property Casualty Underwriter (CPCU®) and Associate in Reinsurance (ARe) designations.
