Industry Experience: Since 2007

P. Campbell Brown is a Vice President, Portfolio Manager and member of the Insurance Linked Securities team at Amundi Pioneer. Based in Boston, he is responsible for various functions, including: CAT modeling, risk analysis, securities analysis and underwriting. He is also responsible for portfolio construction and sponsor relationships. In addition, Campbell will support the implementation of custom ILS strategies within many of Amundi Pioneer's diversified fixed income portfolios.

Prior to joining Amundi Pioneer, Campbell worked as a Property Treaty Underwriter for Odyssey Reinsurance Company. In this role he was responsible for underwriting for many lines of business, from personal lines for small single-state companies to writing more complex commercial risks for national and international companies. Campbell gained extensive experience with Pro-Rata, Per Risk, Catastrophe and Aggregate Property Treaties.

Campbell has an MBA from New York University and an undergraduate degree from Notre Dame. He holds both the Chartered Property Casualty Underwriter (CPCU®) and Associate in Reinsurance (ARe) designations.
